

NNHS NEWS LETTER

VOLUME 1, ISSUE 1

June 2010

MUSEUM NEWS

Open the last two Saturdays in June.

July and August

Wednesdays and Saturdays 10 a.m. until 2 p.m. Also by appointment. Call 863-2628

With the first issue of the NNHS News Letter, we wish to announce that a reorganization plan was decided upon by our membership at the May 5 meeting, that is to meet twice yearly in October and April. These meetings will feature topics of historical interest to our community.

You will be informed through the newsletter of ways to participate in planning and hosting these events.

Please contact either Linda at 863-8775 or Gail at 863-2628 with questions or suggestions.

The NNHS May meeting was held May 5th 2010.

It was decided to give a one hundred dollar scholarship award to a deserving senior of the class of 2010 at the Northville High School. Qualifications being that he/she was going to pursue a history degree in college or had been an outstanding history student in high school, or shows an interest in local history.

(A qualified senior was not found)

A NCS student contacted us about working for us to complete his 10 hour community service for a class in school. We agreed to allow him to clean the museum, but in the meantime he found another organization to complete his assignment.

Rusty and Linda Mosher have purchased new shades for the museum.

Membership dues changed to \$1. a yr. Please pay Charles.

Help needed: to replace a florescent light in the museum, also someone to hang the new shades when they arrive.

Museum was cleaned by Brenda Barton at \$15. an hour.

Museum volunteers for this summer are Skip Thompson on Saturday's. Charles Downing and Gail Cramer on Wednesday's. I hope that those of you that have substituted other years will be available to help out when needed.

Dan Meade has offered to substitute and also be available to open the museum occasionally (odd days) for a few hours when he's available.

It was voted to purchase a display for pictures and documents in the museum

Several tours have taken place with at least one more scheduled

FIRE TRUCK

The village informed Terry that we could no longer store the fire truck in their building on route 30.

Terry and Larry towed the FT to Cramer's where it is covered with a tarp for now. Hopefully it will be undercover before winter.
