Open Public Hearing at 7:02 p.m. regarding granting a Cable Television Franchise Agreement by and between the Town of Northampton and Spectrum Northeast, LLC, as indirect subsidiary of Charter Communications.

Supervisor James Groff opened the floor to public comment session at 7:03 p.m. for anyone who would like to address the Town Board.

Howard Aison explained that he was here on behalf of the SPCA, Inc. non-profit Corporation that is trying to make improvements in the Sacandaga Park which filed a complaint with the Town Code Enforcement Officer regarding the practice area on the Sacandaga Park Golf Course. We contend that it is not being taken care of according to the Town of Northampton Zoning Law. It was filed approximately August 16th. We have not heard anything since stated Mr. Aison.

Mr. Aison stated that he has filed a F.O.I.L. request with the Town Code Enforcement Officer and to this date has had no response from the Code Enforcement Officers Office as of yet. Supervisor James Groff stated that he will check into the requests made to the Code Enforcement Officers Office.

Ken Adamczyk provided material back in June for the Joint Marketing Strategy proposal for the Town of Northampton and the Village of Northville. CRG and himself thanks everyone for allowing them to work on this with the Boards. The Village of Northville did come back and asked to sit down and go over some of the things and they made some changes of what they thought meant. I am providing you with a copy of all the changes that the Village has brought up for the for Board to review and make comment regarding the October 2021 Northville/Northampton Marketing Strategy Proposal. Highlighted in red are the proposed recommendations that the Village was looking at. This has helped us to build one for the County which is more in depth than this one because it is multiple municipalities explained Mr. Adamczyk. Any strategy is for figuring out where else can we go. This is to spark ideas and moving forward. We gave you a few strengths and weakness where the marketing plan breaks down into media one, media two and ongoing one and ongoing two. Just to point out what is the direction and the level of importance on certain topics. Any of those can change based on what the Board is looking at explained Mr. Adamczyk. The businesses research that was how we went off of that. The more static based and historical based. If we make some of the changes and some of the wording with some of the stuff that is in there. We did have new additions and you will see it in there in yellow. One of the new things that has been included in there is about the Great Sacandaga Lake Museum. That is going to be a huge Northampton, Northville and County potential tourism site.

I also took a look at the Village stand point because their website is in dire need of an upgrade. The Town site could use the same type of thing. All the programs that are currently being used are pretty old. If you decided to look into getting a marketer for both communities I have broken down as a rough estimate what the cost would be to do that in this packet. Finding someone who understands it and knows it and can go ahead and do that, I've put down a potential salary broken down by municipality.

Miscellaneous materials such as laptops, cameras items that might be needed and to make that potentially available, travel cost if that was needed. Along with a breakdown of what it would cost to actually build marketing materials if you were going to do that. If you needed to do a graphic design on a lap card or a flyer or trifold you have a window depending on who you were going to use but where it was to do it graphically, printing. CRG would be more than happy to point you in direction and other members that are around the area that are used so that we can bring down the cost. I did get two quotes which I can forward to both the Supervisor and Mayor to the in-County website designers. If you were going to do other materials or if you were going to mail things out and do some of this marketing. There are other grants that CRG can help with shared municipalities that you can get free money or a 25%-75%. We are willing find the grants and help anyone walk through it because it hasn't been done before. There was something in the proposal on trying to get the businesses together to teach them about social media and the concept of how they can help each other grow and give them training sessions on how to use social

media differently and website design and other types of things. CRG will be happy to set up the meetings at no cost to do a business-to-business training in a large group. I have provided a section if you do go to hire someone and you know what kind of questions to ask. There is also a job description for hiring a part-time lower pricing marketing coordinator. Please review the material I provided to you and if you have any feedback or would like to change things, I would be happy to talk to you about it stated, Mr. Adamczyk.

Is part of what you do for the CRG asked Councilman Art Simmons? Mr. Adamczyk responded, yes. Does this have anything to do with the Youth Commission? Mr. Adamczyk again responded, no sir. Councilwoman Molly Zullo noted that obviously, this is to help us to attract more people. When we attract these people are we going to have the amenities such as EMS and police? She feels that is important to help support it.

That is not part of a market strategy explained Mr. Adamczyk. That would be more for the Town Board to discuss when you start bring people in, what is it going to entail. Now you would have a boiler plate of where do we go from here. It can start small and grow gradually. There was discussion last night at the Village Board meeting on the police portion and how they want to work with the police. The business portion of this is with the Town of Northampton because we (CRG) are doing a site assessment right now for the whole County to see what sites could be potentially developable in the future. The Town has more opportunity for Business side of it and the tourism. Where the Village would be more of the tourism and it is limited to the building opportunity.

Joint Youth

Mr. Adamczyk informed the Board that we are getting a new donation of a AED for the Joint Youth Program. We do already have one which we had gotten with the last grant. The Sacandaga Dog Supply did their Octoberfest. They did it as a fund raiser for the Joint Youth and they have bought us an AED. Now we will have two AED which is great and we will not have to share. We can have one at the beach and we will have another with us at camp when we open this summer. When it comes in, I will have a group picture and have it on social media.

Office of the Aging/Youth programs

Mr. Adamczyk mentioned that he will be having the application for a grant ready to hand into the County for the Office of the Aging because the Office of the Aging also handles the Youth Programs for the County. We are also applying for Grant money to offset some of the costs.

Supervisor James Groff announced that he has received a letter of resignation from the Town Justice Paulette Lewek effective date is December 31, 2021. He is not sure whether to continue with one Justice or to try and find someone to replace her. I'm not sure if the Clerk of the Court will stay or not.

Election: The Town Clerk has posted in the Townhall the early Voting Schedule for all voters registered in Fulton County.

The General Election will be held on Tuesday, November 2, 2021 – Polls will be open 6 a.m. to 9 p.m.

Zoning: The Zoning Board meeting scheduled for October 27, 2021 has been cancelled due to no new business coming before the board.

Planning Board: The Town of Northampton Planning Board held their meeting on October 13, 2021.

Historic: The Northville Northampton Historical Society – September 2021 issue titled “Six new Historical Markers in the Town of Northampton”.

All of the six new Historical Markers were installed around the Town of Northampton by Skipper and Robin Wilson.

Ambulance: The Town Attorney has provided a draft contract regarding the Benson Ambulance Contract that he needs the Town Board approval to draw up a final contract. It is the basic language that is statute required and is put out by the State. It addresses all the necessary issues explained Attorney Albanese.

Supervisor James Groff asked the Attorney to include in the Contract the amounts of \$400 for a patient transport and \$200 for a non-transport.

The Attorney will include this verbiage into the contract and send the contract to the Town for review and signature which then the Town can mail it on to the Town of Benson.

Councilwoman Molly Zullo inquired about the unlimited data for the ambulance. Bookkeeper Matthews stated that was done a few months ago.

What would have to be done on the ambulance end ask Councilwoman Molly Zullo? I believe we have been paying for it but we currently do not have it and I do not know why.

It has been authorized. I'm not sure why there is a limitation for you at all responded Bookkeeper Nathaniel Matthews.

The 1 gig they currently have for the ambulance and she thought there was something that was to be sent or was supposed to be sent to have more gigs available. Supervisor James Groff will talk with Jack Farquhar regarding this.

Hardfill: The month of September 2021 a total of \$54.00 was collected in Tire fees.

Refuse and Garbage: Thursday, 11/11/2021-Veteran's Day Holiday and Thursday, 11/25/2021-Thanksgiving Holiday will not affect transfer station hours. The station will be open on Saturday, 11/27/2021.

HAULING FEES: The month of August 2021 fees were as follows:

County Transfer Haul	51.97 Ton @ \$53	\$2,754.41
Municipal Direct Haul	68.66 Ton @ \$33	\$2,265.78
Curbside Recycling	11.35 Ton @ \$30	\$ 340.50

SACANDAGA PARK WATER & SEWER:

September 2021

Water:

- September 2020 usage – 1,508,000 gallons pumped
- September 2021 usage –1,199,000 gallons pumped

Meters

- Meters read for the Quarterly billing cycle.

Repairs/Maintenance

- No repairs to report.

Wastewater

- September 2020 daily average flow – 12,100 gallons
- September 2021 daily average flow – 29,310 gallons

Repairs/Maintenance:

- Still waiting for computer for wastewater treatment plant to enable me to connect to flow meter.
- Removed 21,000 gallons sludge from Imhoff Tank by Adirondack Septic.

I met with Scott Henze on Route 30 on the County Project and I hooked up a temporary garden hose service for him and turned that water line back on. I let them know I can have the Edinburg tanker truck available there for them. They have to water down the houses that they are removing next week to keep the dust down.

I also spoke with Mr. Henze on the funding available that we are running out of time on it. I have the application stated Mr. Cramer. Supervisor Groff will call Travis tomorrow morning and has asked Mr. Cramer to come into his office tomorrow with the paperwork and they can work on putting down what they would like to apply for in the grant.

There was discussion on needing a list of hydrants for the Sacandaga Park. Mr. Cramer wasn't sure if it needed to go out to bid.

Bookkeeper Matthews noted that we have (3) three years to identify a project. We have to submit that project for approval. Once we have the project in place and the cost, we can get the ball rolling. We have to utilize the money by the end of 2026.

There was discussion of the Supervisor receiving requests for Spectrum Cable on White Birch Road, Elmer Brown Road, Gifford Valley Road they would like to get off from Frontier. They just put it up in Gifford Valley explained Mr. Cramer. They directional drilled and went from Shawn Darlings on High Rock Road from Gifford Valley Road.

They want it around where the new houses are going to be explained Supervisor Groff.

Mr. Cramer explained that they planned for that on High Rock Road before they put it in. I made sure that they knew about that and they actually have a block there at their entrance. They are going to run it from Collins-Gifford Valley Road from the pond all the way to the Lake Placid Trail. It comes in from

Mountain Road to Bill Byron. It cost them money if they hook on to a National Grid or NIMO pole. Where if they bury it in the ground there is no charge. Discussion ensued.

OLD BUSINESS:

Proposed Town of Northampton Comprehensive Plan

The Board agreed on the proposed amendments with the minor changes to the Town of Northampton Comprehensive Plan and has directed the Town Clerk to post a Public Hearing to be held on November 17, 2021 at 7:15 p.m. on the proposed Town of Northampton Comprehensive Plan.

Councilman Art Simmons brought up upon reading in the newspaper, hearing it on the radio and on television about the new Great Sacandaga Lake Museum. This is a big deal and we should thank Supervisor James Groff for all the work he has done in Johnstown having to make this possible.

Thank you for working on the sewer line also stated Councilman William Gritsavage. They had gotten the money from the American Rescue Fund in order to make this work explained Supervisor James Groff.

1986 International Bucket Truck

We sold the 1986 International Bucket Truck for \$2,500 to the Town of Mayfield stated Supervisor James Groff.

Mr. Cramer mentioned that he has brought up to the Town Barn for sale the old Cemetery Pick-up Truck, the Tanker and the 1986 Bucket Truck.

Bookkeeper Nathaniel Matthews informed the Board that they need the vehicle approved as non-necessity and allowing the truck to be put up for sale.

After discussion a motion was made as follows:

MOTION: Councilman William Gritsavage motioned the following equipment, the 1986 Bucket Truck, deemed as non-necessity and to allow the 1986 Bucket Truck to be sold in the amount of \$2,500 to the Town of Mayfield. Councilman Art Simmons seconded the motion and passed by

Property

Attorney Albanese mentioned that there is an issue of the donation of the property that we talked about last month. Mr. and Mrs. Livingston contacted me regarding the abstract that they had sent Supervisor Groff. Attorney Albanese suggested a Title Policy be done so we can establish a title and that the title is okay, which is an added expense. Once he has gotten the Title Policy Attorney Albanese stated he will then prepare the deeds. We can then sit down and they can sign the deeds and we will take title to it. Attorney Albanese is asking for authorization to hire the Title Company to do the title work. After discussion a motion was made as follows.

MOTION: Councilman William Gritsavage motioned to approve Attorney Michael Albanese to hire the Title Company to do the title work on the abstract owned by Mr. & Mrs. Livingston and is being donated to the Town of Northampton. Seconded by Councilman Art Simmons and passed by
