Total		\$ 4,691.78

SACANDAGA PARK WATER & SEWER:

October 2021

Water:

- October 2020 usage – 1,303,000 gallons pumped
- October 2021 usage –1,131,000 gallons pumped

Meters

- Replaced several meters that did not read on last cycle
- Installed meter pit and meter for Pickle ball court at Sacandaga Station
- Installed new meter for new construction on Circle Drive

Repairs/Maintenance

- Removed one lead goose neck connection 4” water main and made new service for Willem Monster

Wastewater

- October 2020 daily average flow – 11,000 gallons
- October 2021 daily average flow – 47,457 gallons

Repairs/Maintenance:

- Hydro excavated 2” forced main sewer for new connection for Pickle Ball Building. The building is now hooked up with water and sewer. A couple of connections have to be completed inside of the building, Allen and Palmer are doing that and then he is in service with that he will be placed on the billing.
- Cut in New Lateral pumped forced main empty, installed new 2” valve and valve box.
- The new construction has also been hooked up with a meter which has been charged this last quarter.
- Renewed software program for sewer plant (yearly)
- Supervisor Groff has asked Ken Cramer to stop at the home of Dawn Carmer and check for any possible leaks in the water line. If there are no leaks found, let her know that it is recommended that she contact Allen and Palmer to check to see if there is any possible leakage inside of her home.

The Great Sacandaga Lake Fire District formerly known as Northville Joint Fire District:

The Town Clerk has received the Great Sacandaga Lake 2022 Fire District Budget.

Supervisor:

Discussion: This next resolution doesn't mean that we are going to borrow the \$475,200 Dollars. We have to have that resolution in place in order to apply for the \$400M for the Water Infrastructure Improvement Act (WIIA) and the Intermunicipal Water Infrastructure (IMG) Grant for the water and sewer issue explained Supervisor James Groff.

Res. 2021-17: Resolution #17 of 2021 Authorizing for the Town of Northampton, Fulton Co., NY Pursuant to Local Finance, to Finance Part of the Cost of Extension of Water Line in Current Town Water District with Bond Anticipation Note in the Amount of \$475,200 Dollars.

Town Board member William Gritsavage introduced the following Resolution and moved it adoption.

Town Board Member Molly Zullo seconded the motion.

The Resolution was approved by the following vote.

Ayes: 5

Nays: 0

Supervisor James K. Groff Aye
Councilman Art Simmons Aye
Councilman William Gritsavage Aye
Councilman Darryl Roosa Aye
Councilwoman Molly Zullo Aye

Brian Osterhout - Environmental Department Partnership (EDP) explained that it is for a water line extension in the Sacandaga Park water system. It's a 4 to 6 inch line that runs from down the road off of Bridge Street and loops across State Highway 30 and that is the north end of the system. That system is quite old and has been experiencing pressure issues for a very long time. Our firm evaluated several options back in the spring and came to the conclusion that this option provided the Town the best opportunity in terms of longevity, pressure increases, system equalization throughout, and the opportunity for user connect on to the system. It would greatly enhance the water pressure in the system capacity.

Two routes in the water system are preferable. The whole project would be approximately \$1.2M and there is \$400M that the State has set aside for water improvement infrastructure upgrades. This resolution is to apply for the above mentioned Grant.

Town of Northampton/Village of Northville Intermunicipal Agreement

To designate specific cost(s) reimbursement(s) for the position of Code Enforcement Clerk for the Village. To designate financial reimbursement assistance from the Village to the Town.

NEW BUSINESS:

Dental and Vision Insurance update

Mr. Matthews explained that the current Town Dental and Vision Company has been bought out by a new provider and will be terminated at midnight, December 31, 2021. As of January 1, 2022 the town will have to either accept the company with whom they will be changing to or find a new provider. The provider they are changing to, we will not see any increase in our premium for the next three years. The benefits appear to be stronger than what we are currently being provided. They didn't give us much time. They actually need this contract to be signed at this meeting stated Mr. Matthews.

MOTION: Councilman William Gritsavage motioned to continue with this contract with the new company MetLife and Vision Benefits of America (VBA) effective January 1, 2022 for Premium Dental and Basic Vision for the Town of Northampton with no increase in our premium for the next three years until 12/31/2024. Councilman Darryl Roosa seconded the motion and passed by

A vote of 5-Ayes: James Groff, Molly Zullo, William Gritsavage, Art Simmons and Darryl Roosa
Nays-0
Abstain-0

Councilman Art Simmons asked, if we had done anything with the request from the Office of the Aging? The response was that it was all taken care of. What we received is the contributions letter.

Councilman Art Simmons brought up that Ken Adamczyk from CRG did a presentation at the Town Board meeting last month. Councilman Art Simmons mentioned that he hasn't had the opportunity to go over all of the literature presented that night. He (Simmons) noted that Councilman Darryl Roosa and he are both on the Public Relations Committee and suggested that the both of them get together before next month's meeting to go over the information that was provided. Then the Town Board can talk about it further.

Supervisor James Groff stated that he was going to wait until January and do it with the new board; we are not under any time limit.

Councilman Art Simmons mentioned that he received a call from Mike Sleezer in Gloversville. Mr. Sleezer owns three radio stations two of which are in Gloversville, and 2 small market TV stations. He wants to put a radio station in this area that would serve Mayfield, Northville, and Edinburg. He picked out a piece of land in Mayfield a year ago and the Federal Communication Commission is now telling him he can't use that piece of land because his signal would interfere with another radio station which is

two or three hundred miles away. So, he is looking for another place to put in an antenna. He is looking at property in Edinburg. If that does not work out in Edinburg he would like to try putting a small antenna on the roof of the Town Highway Department. I mentioned this to Supervisor Groff and I spoke with Ken Cramer yesterday. I do not know how much this man is willing to pay. But, the antenna is small it is approximately 2 – 2 ½ feet and 3 or 4 feet wide. He is not interested in political things such as Town of Village meetings. He's interested in placing the information from the churches, the schools, the new museum, the Lyons Club, the Rotary Club, that type of thing. If it doesn't work out in Edinburg does the Board have a problem having him come to a Town Board meeting and talking with the Board about placing this on the Highway Department?

Response: It was stated that it was too bad that the Village sold all the rights to the water tower because that would have been perfect. Wouldn't have been? For some reason they thought that they had to do that without discussing that with other people, with the Northampton Town Board.

I have no financial or interest in this in what I am tell you about stated Councilman Art Simmons.

Supervisor Groff mentioned that he didn't have a problem with it as long as it didn't interfere with the Highway Superintendent's communication and the ambulance. The County has still not straightened out the radio communications unit in the Town of Northampton for the Fire Department. So I don't know if they are going to put a tower up there or a repeater for the fire department but they are looking at it and as long as it doesn't interfere with that. I don't have a problem with it.

Ken Cramer felt the same. He had no problem with it as long as it doesn't interfere with our communications.

TAX COLLECTOR SOFTWARE

MOTION: Councilman William Gritsavage motioned the approval to sign a contract with Systems East Inc. for software to connect our Tax Collector directly with Fulton County. The initial cost is \$3,999.00 with 1-year maintenance contract and annual maintenance fee of \$600.00 per year. Councilman Art Simmons seconded the motion and passed by

A vote of 5-Ayes: James Groff, Molly Zullo, William Gritsavage, Art Simmons and Darryl Roosa

Colleen Cordone asked if the Town is making any money on the water meter billing.

Response: No

Are you considering taking off the sewer tax next year asked Colleen Cordone?

No, we are holding off responded Mr. Matthews because of the problems with the meters and nothing fully functioning.

People are asking if their water bills are going to go up or down explained Colleen Cordone.

With the rates up where they are, they should be able to help us get grants explained Supervisor Groff.

EXECUTIVE SESSION

Councilman William Gritsavage motioned to enter into Executive Session at 7:52 p.m. to discuss ambulance personnel and judgeship.
